Double Date (Itayuki) (NejiTsu)

Neji sat the dango shop waiting for Tsubaki to come with a friend she met. The brown haired ninja frowned at the thought of this friend, he was nervous about the thought. It wasn't like he was against her making friends it just depended on what type of friends she was making. He wasn't much fan of her making friends with other males.

The thought was more never wracking. It wasn't that her being friends with male was a bad thing he wouldn't support it for the basic reason Tsuabaki was too cute. Most guys would be just lucky if they didn't fall her soft blush or her kind voice, even Neji who was hard to social with normally fell for her.

After a few minutes the familiar orange hair came to view. She smiled at the cook in the back and waved before dragging a raven hair girl with her. The girl seemed a bit on edge with entering the shop but strolled with confident. They made brief eye contact she turned to the Tsubaki and whispered in her ear.

The girls giggled before turning ot Neji her green eyes staring into his brown eyes. He felt his heartbeat increase and his cheek a light colored pink. He shook his head and quickly hid the color on his cheek before getting up and helping the girl to seat.

"you are late," Neji stated out not beating around the bush.

The female he recognized as Uchiha Yuki sat down next to him. Tsuabaki across from him, "Sorry," she spoke, "We had to leave my husband a note," she spoke, "Itachi will be coming and joining us after his mission," he looked at the Uchiha woman who seemed relaxed after a bit of tea.

"You were the one that started the gossip in town?" eh questioned. She looked confused but nodded.

"And you are are Hyuuga Neji the one that Tsuabaki keeps talking about," the girl sitting across from him eeped and hid her face. She didn't want him to know that she was talking about him.

Neji glanced at Tsuabaki and hid a small smile appearing on her lips. He felt his pulse increase and his heart rate beat faster just a bit. He was curious what did she say about him? Did she enjoy her time with him as he did hers? They sat in silence again, before Yuki ordered some food to eat.

Tsuabaki spoke to Neji about her day explaining what happened. Neji listened interested before he wasn't shocked to see Itachi standing behind Yuki handing her a bag for her food. He and Neji started at

one another in understanding.

"Yuki lets go," he said helping his wife up for her chair. She noticed she was eating a lot wasn't going to stop her, "It was nice seeing you Neji, Tsubaki," Yuki blushed in Itachi's arm but nodded in agreement.

"We will have a double date again sometime," she said.

Neji stared surprise at Yuki's words but the couple left, "I had no idea we are on date," he smiled friendly at her. In way he felt it was a n honor that it was a date with her. Then had been friends for so long he would have never thought she would of saw him other than a friend, "I should of dress more nicely?"

Tsubaki blushed and stared at Neji, "I didn't know it was date either," she mumbled she really wished Yuki didn't jump to the conclusion. She looked up to Neji she looked up to him he was a hero in her mind.

"how about next week we go on a real date?" he said.
